About Us

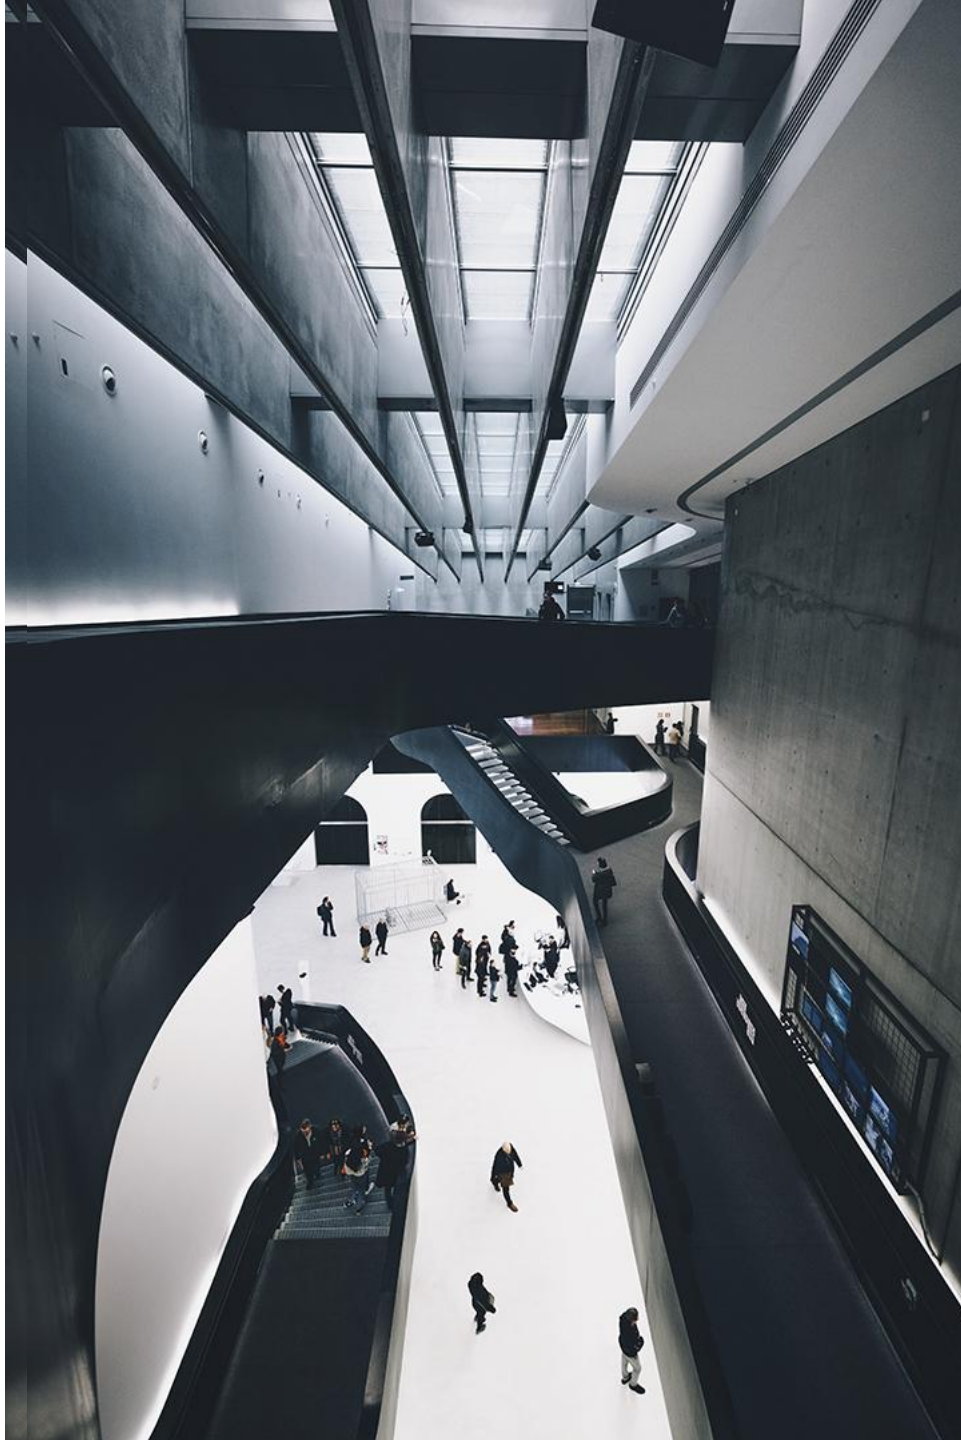

Guangzhou Huaqi Duoyuan Technology Co., Ltd. is a diversified enterprise, and Duoyuan Advertising is one of its key divisions. Guided by the philosophy of planning, professionalism, simplicity, aesthetics, humanity, individuality, intelligence and environmental friendliness, and adhering to quality first, practical innovation and scientific development, the company strives to build an integrated business spanning design, fabrication, installation and maintenance in both domestic and overseas markets. With a rigorous working attitude, bold design language and extensive production experience, we have earned the trust of our clients.

Our factory covers more than 5,000 square meters. We draw on design resources from renowned masters and leading institutions at home and abroad, and invest substantial energy and time into every project with meticulous care. Guided by advanced design concepts, we give each project real impact and vitality. From preliminary consultation, concept design and detailed design through production, delivery and installation to long-term maintenance and aftercare, we deliver a fully synchronized one-stop service. We are confident in our ability to provide you with outstanding design and first-class products, and we hope every cooperation becomes the start of a long-term partnership. In return, we commit to high quality, good service and competitive pricing.

Our Services

Service Process

One-stop Service

Preliminary Consultation: We develop a thorough understanding of your needs, project background, corporate culture and design philosophy, and carry out on-site surveys to ensure fast, accurate results.

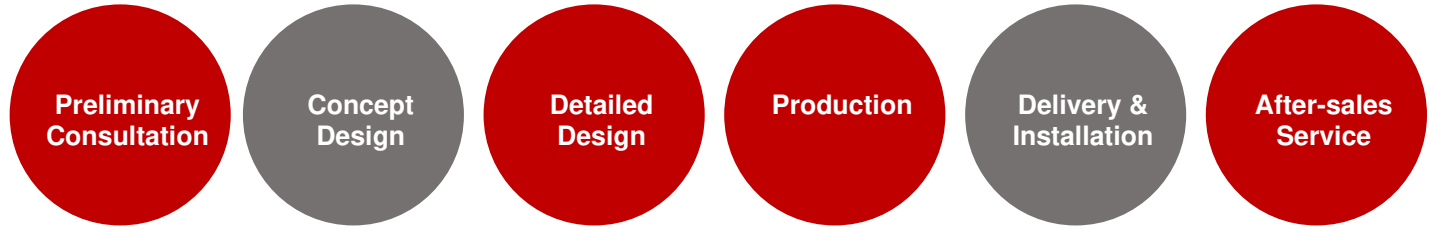

Concept Design: We sign the design contract and define the schedule, milestones and design scope. Based on the preliminary survey and the overall indoor and outdoor structure, we establish the corresponding design style and deliver the initial concept.

Detailed Design: We provide detailed drawings, material specifications, process descriptions and a bill of quantities with budget for your reference.

Production: We sign the sign fabrication contract and plan production. Every product is manufactured strictly to standard, with full-time supervision of quality and workmanship.

Delivery & Installation: A professional delivery and installation team safeguards product quality in transit; during installation and commissioning, dedicated supervisors monitor the entire process to ensure safe, reliable and efficient results.

After-sales Service: We archive your project documents for future maintenance, and provide high-standard after-sales warranty to secure a reasonable service life for the products.
